Dear Valued Client,

We would like to introduce to you our new RMB Letter Generation functionality.

The physical stamp was replaced by an electronic stamp with a unique number which offers a more secure validation/authentication process of the letter by third parties. The electronic stamp deems the letter to be an original letter.

This is a 'First-to-Market' fraud prevention method offered by RMB.

To validate/authenticate the received letter, the 3rd party should follow the steps below;

1. Log onto the FNB website www.fnb.co.za
2. Click on 'Contact Us + Tools'
3. Click on 'Verify Account Confirmation/Visa Application Letters'
4. Enter in the requested information which includes the unique number found on the electronic stamp
5. Click on 'Verify'

The letter handed to the third party must match the image of the letter which appears on the above website exactly. Should there be any discrepancies, the letter should be deemed to be fraudulent and cannot be relied upon by the third party.

The letter will appear on the above website for validation/authentication for a period of 3 (three) months from the date of issue, and can be validated multiple times during this period.

The validation/authentication process has been presented to third parties, including SARS, and they subscribe to the enhanced process, to combat fraud.

Yours truly,

RMB Team
